

## November

---

01.11.

### **Rodent models of insulin resistance and preeclampsia - impact on the offspring**

Host: Prof. Walter Raasch  
Institute of Experimental and Clinical Pharmacology and Toxicology  
Universität zu Lübeck

**PD Dr. med. Ralf Dechend**  
Experimental and Clinical Research Center (ECRC), Berlin  
HELIOS Clinic Berlin-Buch

08.11. **This lecture starts at 4:00 pm**

### **Diabetic microvascular damage – lessons from the retina**

Host: Prof. Markus Schwaninger  
Institute of Experimental and Clinical Pharmacology and Toxicology  
Universität zu Lübeck

**Prof. Dr. Hans-Peter Hammes**  
Head of Section of Endocrinology  
Speaker of GRK 1874/1 „DIAMICOM“  
V. Medical Department  
University of Heidelberg

15.11.

### **Amyloid pathology in Alzheimer's disease**

Host: Prof. Lars Bertram  
Lübeck Interdisciplinary Platform for Genome Analytics (LIGA)  
Universität zu Lübeck

**Prof. Pieter Jelle Visser**  
Maastricht University Medical Centre  
School for Mental Health and Neuroscience  
VU University Medical Centre  
The Netherlands

22.11.

### **Mechanisms of hemispheric lateralization**

Host: Prof. Sören Krach  
Department of Psychiatry and Psychotherapy  
Universität zu Lübeck

**Prof. Dr. Andreas Jansen**  
Research Group „Multimodal Imaging in Cognitive Neuroscience“  
Department of Psychiatry and Psychotherapy  
Philipps-Universität Marburg

29.11.

### **The intrinsic reward associated to language learning**

Host: Prof. Ulrike Krämer  
Department of Neurology  
Universität zu Lübeck

**Antoni Rodriguez-Fornells, PhD**  
Cognition and Brain Plasticity Unit  
ICREA- University of Barcelona  
Institut de Investigació Biomèdica de Bellvitge

## December

---

06.12.

### **From reward processing to social decision making: insights from intracranial recordings and model-based fMRI studies in humans**

Host: Prof. So Young Park  
Institute of Psychology I  
Universität zu Lübeck

**Dr. Jean-Claude Dreher**  
Research director, CNRS  
Neuroeconomics, Reward and Decision Making Team  
Centre de Neurosciences Cognitives  
France

13.12.

### **Obesity and brain insulin resistance- cause or consequence**

Host: Prof. Hendrik Lehnert  
Department of Internal Medicine I  
Universität zu Lübeck

**Prof. Dr. Hans-Ulrich Häring**  
Department of Internal Medicine IV  
University of Tübingen

20.12.

### **Neural dynamics of the primate attention network**

Host: Prof. Jonas Obleser  
Institute of Psychology I  
Universität zu Lübeck

**Prof. Sabine Kastner**  
Princeton Neuroscience Institute  
Princeton University  
USA
